

# Field Service Engineer

## Merthyr

A vacancy has arisen for a Field Service Engineer based at our Merthyr Service Centre. The overall purpose of the role is to carry out servicing and repair to a range of chassis and vehicle mounted municipal equipment at both customer premises and within company workshops.

Key tasks include:

- Repairs & servicing to HGVs and associated mounted municipal equipment
- Job management
- Quality & customer satisfaction
- Health & Safety

The successful candidate should have gained experience in the maintenance and repair of Refuse Collection vehicles or similar equipment in a workshop environment, or as an onsite engineer.

It is essential that they have good diagnostic skills, a good understanding of electronics and hydraulics and the ability to read wiring diagrams. Excellent communication, IT and administration skills are also essential.

Candidates should have a current PLG licence and year 3 City & Guilds or equivalent. A current HGV licence is desirable but not essential.

If you believe you have the experience and knowledge necessary to fulfil this role, please send your written application supported by your qualifications and CV to:
