

Material Handler

Warwick

A vacancy has arisen for a Material Handler within the stores area at our Warwick site.

The purpose of the role is to ensure that material is available for production in the most effective way. Reporting to the Material Team Leader the successful candidate will have close liaison with Material Control and production teams.

The key areas of the job include:

- Updating Inventory System
- Material Supply
- Team Working
- Health and Safety
- Flexibility of Labour

Ideal candidates will have strong PC skills and an understanding of stock control and computerised inventory systems.

Experience in line side storage and in receiving and distribution is desirable.

The ability to drive a fork lift truck, reach truck and side loader as well as the ability to operate a crane are all desirable but not essential as training can be given.

If you believe you have the experience and knowledge necessary to fulfil this role, please send your written application supported by your qualifications and CV to:
