

Workshop Fitter

Bexley

A vacancy has arisen for a Workshop Fitter within the Service department at our Bexley Service Centre. The overall purpose of this role is to repair and maintain Refuse Collection Vehicles. Key job areas are servicing and MOT preparation, full chassis overhauls, body repairs and fault finding.

The successful candidate will be an experienced fitter with chassis and MOT preparation experience. Previous experience of working on Refuse Collection Vehicles, basic welding, hydraulic and electrical skills are desirable but not essential.

Applicants should hold a valid HGV licence and apprenticeship papers or proof of qualification by experience. A forklift counterbalance licence is also desirable, but not essential.

The ideal candidate will be a team player, who is able to work to tight deadlines, pays attention to detail and is customer focused.

The role will require a flexible approach to hours as overtime may be required dependant on the job and the role will include attending breakdowns when necessary.

If you believe you have the experience, skills and qualifications necessary to fulfil this role then please send your written application supported by your qualifications and CV to Sarah Pickard, Human Resources Department at sarah.pickard@dennis-eagle.co.uk

Dennis Eagle Ltd is an equal opportunities employer

This is an on-going requirement - please apply as soon as possible as the role may no longer be available.
