

<b>Job title:</b>	Senior Supplier Quality Engineer
<b>Department:</b>	Supplier Quality
<b>Reports to:</b>	Supplier Quality Manager
<b>Responsible for:</b>	NA
<b>Location:</b>	Dennis Eagle Warwick
<b>Hours of Work:</b>	37hrs, 5-day week, 8 to 4.30 Mon–Thu, 8 to 1 on Fri
<b>Closing date:</b>	

### Our values:

We are part of the Terberg Environmental Group that has roots going back to 1869, part of the larger Terberg Group that is still family-owned. With family values at our core, we operate honestly and with integrity. We aim to represent our core values in all areas of our work. Our core values are: Customer Focus, Entrepreneurial Spirit, Flexibility, Innovation, Integrity, Quality and Sustainability.

### Job Purpose:

Assess and control the quality of supplier output to ensure minimal disruption to core production. Help set strategy within the supply base. Support and develop the quality engineers both within Dennis Eagle and the supply base. In times of absence cover quality management.

### Main Duties and Responsibilities:

- Manage supplier approval processes and introduction.
- Liaise with colleagues across the Terberg group
- Support development, and corrective action resolution activities.
- Assist suppliers with drawings and specification issues.
- Ensure that non-compliance occurrences are managed in a constructive way using recognised quality tools to achieve long term resolutions
- Manage audits and construct documentation for conformance of product and to maintain and update conformance database.
- Processing of PPAP reports and liaising with appropriate departments and suppliers to resolve related issues.
- Manage new product introduction. Represent Supplier quality in key project activities (APD).
- Liaise with suppliers to communicate performance indicators, to agree improvement activities and monitor adherence.
- Carry out internal audits to assess compliance of both EMS and QMS procedures.
- Always promote the concept of quality by help and encouragement.
- Liaise across all departments to discuss and communicate supplier quality activities.
- Collate reports related to supplier performance, development and surveillance.
- Attend company APQP activities representing the supplier function.

- Support part design in regard to supplier capabilities.
- To carry out both internal and external auditing to ISO9001 & 14001.

### **Quality & Environmental Responsibilities:**

Responsible for the management, compliance and upkeep of the quality & environmental procedures, records, and documents relevant to the role.

At Dennis Eagle we are proud to be an equal opportunities employer and a disability confident organisation. We are committed to fostering an inclusive workplace where diversity is celebrated. As part of our dedication to creating a supportive environment, we guarantee to interview all disabled applicants who meet the minimum criteria for the vacancy. We invite you to engage in an open conversation with us about how we can best support you and ensure that your unique skills and talents are recognised and valued. Your success is integral to our collective growth, and we look forward to working together to create a workplace that empowers everyone to thrive.

If you have any queries or would like to apply for the role, please contact the Recruitment team [recruitment@dennis-eagle.co.uk](mailto:recruitment@dennis-eagle.co.uk)
